

ENDURO 4T

Engine

Total cubic capacity: 449 cc.

Type: 4-valve head mono-cylinder, four-stroke.

Cooling System: Liquid.

Diameter per stroke: 97x60.8 mm.

Ignition: Injection system.

Clutch: Multidisc, with hydraulic command - A.J.P.

Gear box: 6 speeds.

Transmission: Primary, gearing: Secondary, chain.

Fuel supply: Electric injection (Battery less EFI).

Kick start: Electric engine and auxiliary pedal.

Frame

Type: Deltabox manufactured with microfusion and cromoly B tubes.

Front suspension: Inverted fork 48 mm, stroke 290 mm.

Rear suspension: One-piece Aluminum Tilt. Progressive system with 320 mm Sachs shock absorber.

Front brake: Disk 260mm, Nissin Pump and double-piston caliper.

Rear brake : Disk 220mm, Nissin Pump and single-piston caliper.

Front wheel : Tire 90x90 - 21" Michelin.

Rear wheel: Tire 140x80 - 18" Michelin.

Kick start pedal: Forged aluminum.

Brake pedal: Forged aluminum with retractable tip.

Dimensions

Distance between axles: 1,465 mm.

Seat height : 940 mm.

Distance from the ground: 370 mm.

Fuel capacity: 7.5 litres.

Empty weight : 118 Kg.
